Working Together for the Children

Philanthropy

The members of Daughters of the Nile are proud of their long association and continuing support of the “World’s Greatest Philanthropy”

Shriners Hospitals for Children. Each year we contribute in excess of \$1,000,000, to be used for the medical care and rehabilitation of the patients, as well as sewing clothing and quilts and providing toys, games, books and computers.

Daughters of the Nile Foundation

The Supreme Temple, Daughters of the Nile Foundation in the United States and the Canadian Trust in Canada maintain permanent endowment funds to support the advanced medical care of the patients at the Shriners Hospital for Children. Our Charitable Giving Program includes the “My Gift Program” with incentive gifts for donations along with our long-standing “Stepping Stones to Happiness” certificates. Through these generous donations, all Shriners Hospitals have now received one, two or three Gold Plaques on their Donor Recognition Boards, each representing a donation of over \$1,000,000.

Provides Leadership Opportunities

Shriners Hospitals for Children

Shriners Hospitals for Children, located in the United States, Canada, and Mexico, remain committed to providing care at no financial obligation to the patients and their families, and therefore rely on the generosity of the Shriners, Daughters of the Nile, and other donors to provide funding for medical treatment, rehabilitation and research.

Children up to the age of 18 years are eligible for admission to receive treatment for:

- Orthopedic Care
- Burn Care
- Spinal Cord Injury Rehabilitation
- Cleft Lip and Palate Care
