

MEMBERSHIP

Membership will always be a number one priority and it is a big challenge for all of our Daughters of the Nile Temples to keep their membership from continually dropping.

The Supreme Membership/Public Relations Committee's goal is to assist our temples in Recruiting, Retaining, and Reinstating members with an end result of an increase in membership of all Daughters of the Nile as a whole.

Membership is not, or should not be a single member's job or just only for a temple's Membership Committee. Membership is a job belonging to each member of Daughters of the Nile, it is a team effort of working together in making a difference and keeping our members "All Fired Up".

Work with your Shrine Temple and find out when they have their Ceremonials. Ask if your Nile Temple Membership Committee members can talk to the wives of the new candidates and explain what Daughters of the Nile are about. Hand out our Daughters of the Nile brochures. Ask if you can show the CD "Who are the Daughters of the Nile," with the intention this will inspire them to join our Order and become an active member.

Keeping Daughters of the Nile "fire" burning is a responsibility each member shares in support of saving our wonderful Order from extinction.

Let's start the FIRE BURNING for MEMBERSHIP
