

Supreme Temple Website Article – August 2011 – Membership

Ask your member these questions – Listen carefully and maybe have someone write down the answers for your committee to address later and share this information with your Elective Officers.

Why did you join Daughters of the Nile?

What were your expectations when you joined Nile?

Has DON met your expectations? Yes _____ No _____

How? _____

If DON has not met your expectations, what can we do to change this?

ARE YOU MENTORING YOUR NEW MEMBERS?

Has she been assigned a Mentor?

Is this working and is the Mentor keeping in touch with her, inviting her to Session and sitting with her and introducing her to other members?

Has she found the Temple friendly?

Have you reinforced the information from her initiation by sharing our resources and answering her questions and listening to her comments?

Has the Mentor kept in contact with her?

Has she been asked to participate in some way in the Temple?

Has she filled out the New Member Questionnaire so you will know where she would be interested in being involved in the Temple?

RETENTION

What about those members that you have not seen in a long time. Your Nile Temple is like a family. If you had not heard or seen a family member in a long time, would you not be calling her? Form a calling committee. Tell the absent member that she is missed! Ask her if she needs a ride to Temple. Listen to her and let her know how valuable she is to you and to the Temple. Invite her to participate in something. Many times ladies will come out if they have a job. It is easy to stay home if you are just going to go and sit on the side lines. Explore ideas with her that will get her to become more involved. Each lady has great value to your temple.

We have learned that members are slipping out the 'back door' of the Temple. We must close that door. We must make every member believe that we want her participation.

A smile in your voice and sincerity in your message will be contagious! Now begin this journey of saving our beautiful order. ☺
